OFFICE OF LEGISLATIVE COUNSEL

Monday - 10 July 1978

25X1 1. [REDACTED] LIAISON Spoke with Lot Cooke, Senate Select Committee on Intelligence staff, and informed him that the Office of Security had agreed to assist the Committee in destruction of MKULTRA files previously provided the Committee by the Agency. Cooke told me that Bill Miller, Committee Staff Director, had changed his mind and did not now want the documents destroyed and would have them stored in the Committee's storage area at the National Archives.

25X1 2. [REDACTED] LIAISON Spoke with Dan Childs, Senate Select Committee on Intelligence staff, who requested a meeting with DDO representatives regarding covert action to talk about the Committee's follow-up questions from the 29 June briefing. Childs specifically asked that we bring the perspectives and Directorate of Operations notices that had been promised to the Committee to this meeting. I told him the notices had already been delivered.

25X1 3. [REDACTED] LIAISON Called Catherine Essoyan, Senate Select Committee on Intelligence staff, and confirmed the meeting for tomorrow for [REDACTED] and [REDACTED] both of DDO, with Essoyan, Stan Taylor and Abram Shulsky, also of the Committee staff, on terrorism.

25X1 4. [REDACTED] LIAISON Received a call from Audrey Hatry, Clerk, Senate Select Committee on Intelligence staff, asking whether decisions had been made regarding supplying Agency unclassified publications to all 100 Senators rather than 43 as the Agency had initially desired. I told Hatry the sentiment was to stay with 43 for now with the caveat that if additional Senators requested to be put on distribution, we would be happy to do so. I gave her the rationale for this and she seemed satisfied.

25X1 17. [] LIAISON Sue Sweiner, GAO, Congressional Relations, called asking whether Audry Hatry and Ben Marshall, both from the Senate Select Committee on Intelligence Registry, and Betsy Keyes and Carol Wiik, both from the House Permanent Select Committee on Intelligence Registry, were cleared to receive Top Secret material. I assured her that they are.

25X1 18. [] LIAISON Bob Turner, in the office of Senator Robert P. Griffin (R., Mich.), called to say that he would like to see whatever figures we have, classified or otherwise, on Soviet military and economic support to Vietnam during the war years. He cited from a 7 March 1975 issue of the Congressional Record (S-3456 based on material offered by Senator Sam Nunn (D., Ga.)) and I told him that the figures he was citing were very far off of the classified figures I have at hand. I told him that I would obtain the Record and consult with the analysts. He said that he would like to have the information sometime within the next week or two -- whenever it was most convenient to me. I have ordered the Congressional Record and have alerted [] NFAC/CSS, to the pending requirement.

25X1 19. [] LIAISON Jim Gray, in the office of Representative Lamar Gudger (D., N. Car.), called to ask if we had information about a Bulgarian scientist named [] is visiting the U.S. He is a dissident but seems to be unhappy about the treatment he is receiving from the State Department. Gray wants to know if [] is a legitimate scientist or not. This was passed to [] NFAC/CSS.

25X1 20. [] LIAISON Called Don Smith, on the staff of the Subcommittee on Public Works, House Appropriations Committee, to ask about the S&I team report concerning the DIA proposed building. Mr. Smith said that an S&I study had been requested about two weeks ago and that an end of July deadline had been requested.

25X1 21. [] LIAISON Called John Roberts, Senate Armed Services Committee staff, and asked about the status of the intelligence authorization bill. Mr. Roberts said it would be reported out in the next ten days. He said there was a jurisdictional issue concerning intelligence related activities, and if the Senate Armed Services Committee and the Senate Select Committee on Intelligence could not agree on this matter the issue would probably go to the full Senate for a vote.

OFFICE OF LEGISLATIVE COUNSEL

Friday - 7 July 1978

25X1

1. LIAISON Sent by courier to John Carbaugh, in the office of Honorable Jesse A. Helms (R., N. Car.), the following publications, per his request of 5 July: "China Oil Production Prospects," June 1977; xeroxed pages on Peoples Republic of China and Taiwan from the National Intelligence Factbook, January 1978; "China: International Trade, 1976-77," November 1977; "China's Economy," November 1977; "China: Economic Indicators," October 1977; "A Study of Climatological Research as it Pertains to Intelligence Problems," August 1974; "Potential Implications of Trends in World Population, Food Production, and Climate," August 1974; PRC Atlas and a wall chart on "Chinese Communist Party Organizations," September 1977. These publications are for Mr. Carbaugh's reading in advance of a speech the Senator is preparing to make.

25X1

2. LIAISON Called Lot Cooke, Senate Select Committee on Intelligence staff, to inform him ~~we would prefer to have the Select Committee destroy the~~ materials we had provided them on the MKULTRA program rather than returning them to the Agency. Cooke said he thought that was satisfactory but because there was so much material it might be a logistics problem. I said I would check with the Office of Security to see if they could pick up the burn bags for the Committee.

25X1

3. LIAISON Dave Fitzgerald, Legislative Assistant to Senator Jake Garn (R., Utah), was at Headquarters for an NFAC briefing on the general military, political and economic situation in Rhodesia. Fitzgerald leaves for Rhodesia on behalf of Senator Garn this afternoon. The briefers were ORPA/NFAC, OER/NFAC, and CSS/NFAC. Fitzgerald indicated he would be glad to talk with these analysts, after his return, to share his observations.
